

**“Sail against the pros not the chickens!”**

Since 1993 we provide you with the unique opportunity to start at all mayor regattas in the Caribbean Sea - as a corporate team or a private group.

**The Yacht Jeanneau One Design 35**

“Wild at Heart” is a racing pedigree, powerful and demanding with the low comfort of a light displacement boat but with a huge cockpit without sticks and stones and a full wardrobe of Kevlar sails and a choice of spinnakers.

**Golden Rock Regatta St. Maarten 09.11. - 14.11.2008**

November 16th, 1776

The Brig “Andrew Doria” approaches the roads at St. Eustatius, deploys the red and white striped Continental Colors and fires a salute of thirteen guns. On the insistence of the Governor, Johannes de Graaff, the commander of the fort replies with 11 guns. These shots would echo around the world! Thus starts the rise of a Super Power and the beginning of the end for the tiny island of St. Eustatius which would be made to pay dearly for her support of the American cause. To commemorate these events the Golden Rock Regatta is to be held annually to focus attention on this forgotten outpost of a bygone age.
